

Appetite of Envy

You cant always get what you want. Shy and sweet Lia Gardella has only wished to make her father proud. Dropping plates, spilling drinks, and missing orders, shes never fit in at the family business. And after nearly incinerating the whole building, she ran from the stressful environment. Want not. As head chef of one of the citys best eateries, Finn Newland seems to have it all. He enjoyed a youthful career in the MMA. Women worship him. After years of hard work, he finally has an opportunity to take over the restaurant hes always considered his own. Be careful what you wish for. When Lias father summons her to supervise Gardellas, instead of handing the reins to Finn, no one is happy. They dont know how to collaborate on running the restaurant. Nor are they confident they can continue to deny their attraction to one another. But before they can attempt a partnership of any kind, theyll need to find the culprit behind a trend of spiteful sabotage aimed at Gardellas.
