

Bible Revival: Recommitting Ourselves to One Book

Bible Revival passionately explores why the Bible needs to be the single most important book in the Christians life and how to make it so. Unlike most books about the Bible, Berding digs deep to uncover the motivations and distractions that keep Christians from engaging with the Bible as richly as it can. But he does more than just point out the problems; he lovingly offers solutions in order to learn, value, understand, apply, obey, and speak the Bible.
