

## Textbook Seduction

Aidan Brown has nurtured a crush on Simon Lake, his nineteenth-century English literature professor, since the first day of class. Now the semester and Aidan's time in college are drawing to a close. With that deadline looming and nothing to lose, Aidan pulls out all the stops to convince Simon to give him a chance. But Simon is too principled and too much of a workaholic to give in and date a student, even if he is only a handful of years older. The gift of a rare textbook finally wins Aidan a date, and he's determined not to mess up his shot. Unfortunately, nobody mentioned that to Aidan's ex-boyfriend, who puts a crimp in Aidan's plans. Can Aidan convince Simon that he only has eyes for his professor?
