

## The Worlds Most Popular Bucket List

Have you ever wondered what you want to do with your life? Me too, so I started asking people from all over the world what they wanted to do before they died. I have compiled the most popular choices from around the world here in this ebook. How did I manage to ask people from around the world you ask? Well, I placed myself in centralized locations, where I could teach English and travel around. Each year I move to a new centralized location for maximum exploration. I have heard some of the most bizarre bucket list items, and some of the most amazing. Take the time to see what people from all walks of life, occupations and backgrounds have come up with for their lifes bucket list. I hope you enjoy :)
