

## On Paper

Keaton Harris always thought he would be reporting from the front lines as a hard-hitting news reporter. He never expected to become a best-selling romance writer. But the job definitely has its perks, like the long line of ladies who are eager to become his muse for a night. He doesn't expect to meet Quinn Ryan at a book convention. He doesn't expect to be taken with her so quickly. She is beautiful. Smart. Quiet and totally giving him the cold shoulder. Quinn has no interest in becoming a Keaton Harris groupie, no matter how hot he is. She learned a long time ago that playboys make dangerous playthings. But when he proves to be more than she expected she finds herself weakening to his charms. One week. That's all it was supposed to be. One week to have an adventure, to be someone else. It was never supposed to go any further than that. Maybe that Shakespeare guy was on to something.
