

Kept

Palm Springs: Jorge Gomez leaves his poor family behind and remakes himself as ambitious George Gomes. Soon young gay George is picked up by Connor Hurst, who takes him to an empty mansion for a night of lust. Connor convinces George to work alongside him in a scam targeting gullible retirees with classic desert homes. George appears to be on a strange path to the American Dream, until his help covering up a violent death propels him toward bigger risks perhaps even murder, one that seems justified, one promising a sizable payday. George doesn't know his role is to take the fall. Yet he isn't as stupid as everyone thinks. Left alone, literally hanging on a wire with a corpse, George must fight enemies real and imagined if he has any hope of finding his dream or even staying alive long enough to enjoy it.
