

Woodkins«: Kirstys Big Adventure: Handprint Books

Its a book...its a doll...its a toy...its the perfect while-away-the-hours activity for little girls. All the fun of dress-up paper dolls and none of the work -- open the page, drop in the fabric, and shut the page: Presto-chango! A fully dressed wooden doll. The fabulously successful Woodkins doll makes her first appearance in book form. This title makes for a terrific package at a take-me-home-now price: A real wooden doll, attachable by Velcro dots to three play scenes, 12 pages of art and text, a pull-out drawer containing 11 pieces of fabric including metallic glitter pieces and belts, all printed on high-quality paperboard with a handle in the spine to make this a great take-along activity. And of course, this title sports a satisfying story about Kirsty, one of the most favorite Woodkins characters. The original Woodkins dolls have been accorded every major prize in the toy industry, including the Oppenheim Best Toy Award and the Parenting Magazine Toy of the Year and are certain to shine just as bright in this fun-filled format.
