

Until I See You: Second Edition (Love In The Isles Series)

Nicholas Bonnett had it all. He had grown up as the privileged son of the French Ambassador to Canada and his beautiful, wealthy trophy wife. His young life was filled with success and accolades, the envy of many of his peers. But when his heart is broken by the woman he thought he would spend his life with, he is thrown into a whirlwind of bad habits and distrust. For the next thirty years he avoids women like the plague, until Patricia Wilson enters his life. She knows from their first touch that they are soulmates, destined to be together in this life and the next. But will he realize that she is right before its too late? We all come to a point when we think we dont need anyone. But, being human, we never really wish to spend our lives alone.
