

Paradox Politics: People and Power in Idaho

Here is the story of Idaho's power brokers, those well-known and those behind the scenes, and the story of Idaho politics up to 1988 - of well-known figures like Cecil Andrus, Robert Smylie, Frank Church, Jim McClure, and many others - and the backroom players most Idahoans never heard of, like Lloyd Adams and Tom McCall. In this new edition, the author provides more than 100 notes updating and expanding on the original text.
