

## Zara-- The Mermaid

Sacrifices are made to get the better half, sometimes its you, sometimes its your life. what is good for you? Zara is a broad minded well educated girl. But she chooses a life of freedom which stings her family who later abandon her. In the meantime she met her old mate who comes closer to help her. but the decision put and end to his own forsaken married life. He must choose either his love or life. The story is inspired by the life of a girl my classmate and followed by the preview of experienced phenomenons in the society closed observations and chuckles of moral realities acquaintance. The work is based on visuals of long farsightedness in the eastern nations and the presumptions which are often indiscriminately thwart the finding of a pathway in an entangled life of a person, man or woman. The work I presented here is taken from pragmatic examples and its formed in to a fictional picture so as to avoid any dishonoring a person of disclosing his or her life virtually. The story debates on the problematic issues narrated optimistically with cynicism . I share the most literal pessimistic ideas of life with you the either way which are connected to any ones life living across the globe any way.
