

Trip of Choices (The Broken Road Series Book 4)

We all have a breaking point. That moment when something internally shatters causing the way we see things to be viewed differently. For Kara that time came on a dark night in Tennessee while locked behind doors with her family. When the tip of a gun pressed against Karas skull it was more than frightening. The events that followed would alter the path of her life forever. A secretive plan that enlists the help of some surprising allies will develop. Her careful moves will leave those she loves and the reader unaware of what is coming next. She will be forced to step into the arms of darkness knowing it may kill her in the end. Trip of Choices is the fourth installment of The Broken Road Series.
