

Misfit to Masterpiece: Uncover the Secrets to Changing Your Legacy

In Misfit to Masterpiece, Diane Pearce tells of her journey from abused orphan to wife, mother, friend, marriage counselor, professor, and Founder of Legacy Strategy, Inc. It is a journey that shows how each of us can heal from the harm done to us by others, and even grow to the point of being inspired by that very same hurt. As someone once stated so beautifully, It is not what happens to me that makes the difference, but what happens in me. As humans, when we are hurt, we are intrinsically wired to protect ourselves by isolating. However, we were also created for relationship, not isolation, and we are not capable of bearing the burden of our harmful circumstances alone. So what happens when, no matter what we do, our relationships hurt us, sometimes seemingly beyond repair? Misfit to Masterpiece is for anyone who has been deeply hurt. It provides simple strategies for healing our heart attitude, as well as the tools necessary to embrace the true strength and beauty of our character!
