

Nerd in Shining Armor

For Genevieve Terrence it seemed like a dream come true: a weekend alone on Maui with her sexy boss, Nick Brogan. But little did she know that Nick had dreams of his own--a nefarious scheme that nearly got her killed on the flight over the Pacific. Lucky for her, brilliant computer programmer Jack Farley was on board and quick-witted enough to crash-land the plane. Now Jack is her sole companion on a remote desert island with nothing but guava trees and sharks for company. Whod expect the shy genius--and the least alpha male she knows--to turn out to be the uninhibited stud of her wildest dreams? Saving Genevieves life has made Jack a hero in the eyes of the woman he has secretly lusted after for months. Now theyre alone together in a tropical eden where theyre free to give in to their every sensual whim. But when some nasty unfinished business puts them at risk again, Gen will learn theres nothing quite as dangerous as a fully aroused ex-nerd wholl move heaven and earth to protect the woman he lovesFrom the Paperback edition.
