

Breaking Free from the Pack: Developing a Spirit of Excellence

This book shows the reader what is necessary for a spiritual walk of excellence. It begins by defining excellence as the state of going beyond what is the average, normal, or expected. It draws from the Greek word, Hyperballo, which means to throw beyond, as with a javelin or shot put.

The book talks about the excellency of God and His call for all who follow Him to exhibit that same Spirit of Excellence. The book deals with how to attain the walk of excellence. It outlines four principles that require us to seek God Vision (both personal and ministry), Calling, Perseverance, and Love. It then describes how and why to walk in four disciplines Fasting, Prayer, Meditation, and Solitude with God. The walk of excellence is not required for us to be saved. But if we want our lives to count for something, then it is vital that we enter the realm of the excellent.
