

Destination Barcelona (The Choice Series Book 1)

Casey Collins had life planned out. Marriage. Career. Family. Happily ever after. Yet life had other plans. Marriage? Not after she catches her husband with his assistant. Career? What career. Even her daughter has gone and done the unthinkable she grew up. As she drops her daughter off at college 1200 miles from home, Casey is beginning to wonder what's next in her own life. Until a chance turn of events gives her an opportunity she can't refuse. Jordi Muriel has built up a successful travel and real estate business in Barcelona. And after trying the marriage thing and failing miserably, chooses to live life on his terms. Now he's ready to expand his business to the International level, and a contract with TravelVentures magazine may be just the ticket. With Casey as his first client, he'll try everything to make this week-long tour the best. But what happens when sparks fly from the moment the two meet? Will they be able to keep things professional, or will it change both of their lives forever?
