

The Governess Saves the Desperate Duke (Regency Romance)

An unfulfilled love. A royal hunt that goes horribly wrong. And an opportunity for a humble governess to save the man of her dreams and gain a royal title in the process. Virginia Honeyfield has been the governess for Nicholas Willoughby, the Duke of Kent, for years. She's the only one who truly understands the shy, reticent Duke, and she stays on to become his administrator when they both come of age. Their love and attraction fails to come to fruition, though, because Virginia is a mere commoner. But everything changes in the blink of an eye when Nicholas indulges in his favorite passion, hunting, and he's attacked by a wild boar. His injuries are severe, and suddenly circumstances dictate that Virginia is the only one who can come to his rescue. Will she succeed? And will her efforts allow their longstanding love to be realized? Download this fast-moving Regency romance today and find out!
