

Online Dating Success: How to Find Love Anywhere in the World

By buying this book, you will have the two critical tools in your online dating toolkit that are essential for succeeding at any dating site: 1) A Step-by-Step Online Dating Strategy that Works: Too many online dating books I read prior to writing this book were theoretical and didn't actually provide a step-by-step strategy of exactly how to succeed at online dating. It got really frustrating not having an author that detailed step-by-step from the time you sign up for a site, to the time you make your date yours, exactly how to go about online dating the right way. 2) In-Depth, Detailed Reviews of the Top Online Dating Sites in 60+ Countries Around the World: I cover all the major dating sites worldwide and even some lesser known ones in smaller countries. I detail the prices, little known functionality and features, sign up process, and everything you absolutely need to know before signing up for the site.
