

A Love I Can Trust

Alexa, Emily, and Roxanne are three different women who share one thing in common: they all distrust love. As a child, Alexa witnesses the brutal murder of her mother by her alcoholic father, and then suffers incest and rape, perpetuated by her uncle and strangers. Maturing with an impenetrable shell, Alexa becomes the CEO and founder of a multi-million dollar company where she treats everyone with disdain, and seeks gratification through sexually demeaning encounters with men. Alexas assistant, Emily, vows to focus on her career and avoid love at all costs, since her parents instilled in her that the sole purpose of love is to marry for money. Alexas personal stylist, Roxanne, fights her own battle with trust and love, manifested through poor relationships because of her fathers abandonment. As the three women travel down the path of their own destinies, combating issues of trust, a murder plot is revealed. Who wants one of the women dead? Follow the intriguing drama, set against a backdrop of passion, jealousy, adoration, and betrayal in A Love I Can Trust.
