

Political Ideologies: Their Origins and Impact

For freshman/senior-level courses in Introduction to Political Science, Political Theory, Comparative Government, History of Intellectual Development and International Politics. Using a chronological organization and keeping the student in mind, this text explains the evolution of political thought over the past three centuries and describes political ideologies in the context of the social, economic and political circumstances in which they developed. It provides students with a complete understanding of political ideologies and how these concepts relate to the students own lives.
