The complete 3 short story collection of Rose Carter and Marcus Wright.
Book 1: Twisting Rose
Marcus Wright was rich and successful. He had many lovers and submissives over the years. He could bend them to his will and over his knee. That was until a violent storm brought Rose into his world. Will he make her his submissive or will he twist her into something else?
Book 2: Cultivating Rose
Rose did not understand just how difficult dominance could be. It was more than just holding a whip and placing clamps. She had to manage the day-to-day discipline of a submissive. When Rose and Mandy learn to balance rules and play, Rose gains more confidence in her Dominance, and a true affection for the beautiful submissive. Only, Mandy does not belong to her. She belongs to Marcus, the man who has also taken ownership of Rose's heart. He will want his submissive back.
Book 3: Rose In Bloom
Rose is enjoying her new submissive. She has the pleasures of sadomasochistic play and someone devoted to helping her on the farm. The combination could not be more perfect for her. As her feelings for the submissive and the man she shares that submissive with grow, however, her dilemma comes to light. Can she give up the farm for the man she loves or the man she loves for the farm? What about the submissive she is growing deeply attached to?
