

Ronans Ride

Despite his successful career and his social life, Ronan is lonely. The one thing he doesn't have, and craves for, is a partner. Not just any partner but one who understands his needs and wants and is happy to accommodate those. And that's where the problem begins. You see, Ronan is a submissive and craves domination by a partner. He even becomes sexually aroused by being shamed and even hurt. It's only in a light way and purely for erotic satisfaction.
