

Satans Gift of Fear

From Panic Attacks to Post Traumatic Stress Disorder, and from a pounding heart to the tears of a broken heart, most of us know how debilitating fear can be. Yet scripture tells us that God does not want us to be fearful under any circumstance. Few understand why such fears can enter our hearts and even fewer know how to overcome it. This book addresses these questions and more, explaining the mechanisms found in our nervous system which help us flee a dangerous situation or stand and fight. It also addresses how and why this mechanism is used by Satan. God, in His loving kindness teaches us through scripture how we can overcome our fear and why we experience fear. As we move through this time period known as The End Times when Satan and his fallen angels work day and night to break the faith of the children of God, it is important to learn how to tap into the protection we need. It is also important for every child of God to fully understand why Satans attacks are increasing in their veracity. Satan knows that he must delay the return of Christ to delay his imprisonment. He hopes to accomplish his goal by reducing the number of souls God counts as His own. Satan also knows that fear can immobilize, debilitate, and overcome us and can bring excruciating pain, doubt, confusion and even complacency into our hearts. But God is aware of what Satan tries to do and offers a way out. The more we understand Gods Plan of Salvation, the stronger our faith can be, the more we will pray and trust Gods decisions for our life, and the less we will experience fear and anxiety. But if we reject the opportunity God provides to teach us; to help us thwart and overcome the pain Satan wants to bring us, we will continue to suffer from our fears. By learning how God will help us, and learning what armour God offers against a satanic attack, we will obtain the

ammunition we need to protect us and to fight back. This ninth book in the Why God Why Series by Helen Glowacki addresses what we can do to overcome the fear and anxiety which can plague us. It is a must read for those who want to learn how God helps us and why we fall prey to Satans attacks. The information is presented in an easy to read, easy to understand format and is a book you will want to share with others.
