

## Say Goodbye: You May Never See Them Again

A slim just over A4 sized book, landscape forma, hard-backed. Wonderfully evocative paintings by John Allin conjuring up the East End of the thirties with short very quirky written commentaries by both Arnold Wesker and John Allin. A very nice coffee table book, which accompanies a print we have of the painting of the Title. If you were born just before, during or just after the second World War a very good point of reference and an opportunity for nostalgia for those far off days.
