

SightShift: Identity - 5 Actions to Discover Freedom from Comparison and Fear

Identity is how you see yourself, how you experience yourself. More than just your thoughts, it is your internalized image of yourself. It is where you find affirmation, meaning and validation. A secure identity overflows into clarity in mission, which attracts and builds healthy community. In SightShift: Identity, Chris McAlister weaves biblical examples and life stories to uncover five actions that will help you experience freedom from comparison and fear, and live out your true self. This book was written when Chris did faith based and non profit work.
