

## SLAM ! BOOM ! CRASH !: A Novel

SLAM! BOOM! CRASH! is one of the most unusual and exciting novels ever written! If you were to incorporate a thousand different styles of architecture in one building or a hundred different art movements in one painting or a million different styles of music in one wild symphony the results might resemble SLAM! BOOM! CRASH! Wolf Larsen began writing SLAM! BOOM! CRASH! while he was living in the city of Salvador in Brazil. SLAM! BOOM! CRASH! is a coming-of-age novel written to the beat of Afro-Brazilian drums thundering with the energy of apocalypse. SLAM! BOOM! CRASH! seethes with the black and white racial tensions that divide America. The main character, a young white man in high school in a big American city, becomes involved with a young black woman his age which angers many black males wherever they go together. SLAM! BOOM! CRASH! reads like an active volcano that explodes and explodes with passion and lust and violence over and over again. The reader should be prepared for a wild literary adventure - SLAM! BOOM! CRASH! departs from tradition to deliver exciting reading like the reader has never experienced. No one has ever written a book like SLAM! BOOM! CRASH!
