

## Socialism: Promise or Menace? (Classic Reprint)

Everybody's Magazine. The large and generous interest with which the discussion has been received by the reading public has induced the authors to reproduce it with slight revisions in the more permanent form of a book. The scope and object of the work and the practical methods employed in its production are best told in the introduction of the editor of Everybody's Magazine, which is here reproduced in substance: Here is a most distinguished series of articles: A joint debate upon the right or wrong of Socialism. The opposition to this world-wide movement comes not only from those who have qualified themselves to speak, but also from many who are ill-equipped with information to justify their attacks. Moreover, such criticisms are usually addressed to audiences already in sympathy with them. Socialism, too, has its half-equipped apostles. And Socialist arguments are offered, for the most part, to people already attached to the cause. The novel feature of this work is that for the first time, the opposing arguments are presented with the greatest completeness and highest competence, and side by side, in a form available for the immediate comparison of arguments. (Typographical errors above are due to OCR software and do not occur in the book.) About the Publisher Forgotten Books is a publisher of historical writings, such as: Philosophy, Classics, Science, Religion, History, Folklore and Mythology. Forgotten Books Classic Reprint Series utilizes the latest technology to regenerate facsimiles of historically important writings. Careful attention has been made to accurately preserve the original format of each page whilst digitally enhancing the aged text.
