

Surf Girl School (Signature Select)

How to surf like a pro 101 1. find surfboard, beach and hot instructor 2. learn to surf (six weeks should do it) 3. avoid imagining surf instructor without a wet suit 4. relax, and become one with the beach 5. return to work as ultradriven ad exec . . . and surf queen extraordinaire Allison Robbins needs to relax. Sure, shes a little career-driven -- what girl isnt? But then the little knot in her stomach turns into full-blown panic attacks, and under doctors orders Allison has to find a nice, physical hobby. Like any good California girl, she decides to take up surfing. Shes even commandeered the services of surf instructor Sean Gilroy -- just the guy to teach Allisons uptight self how to chill. But aside from being unsettlingly cute in a wet suit, Sean lives the typical surfer lifestyle -- casual, laid-back and entirely certain that things will take care of themselves . . . the polar opposite of Allisons world of stress, coffee and more stress. If only she didnt have to go back to work. Ever.
