

Rebel Fortunes

Derek McKellier has never been a man of direction. With his laid-back and sometimes daring attitude, he roams through the vastness of space, isolating himself from others. Although Derek constantly cheats death by tormenting a group of spacefaring pirates, he does whatever it takes to stay alive. A loner way of life is all he's known, until a wayward incident acquaints him to the captain and senior officers of a very statutory starship. Their influences introduce a new world of emotions Derek has never truly felt before, but just when he thinks his life is taking a turn for the better, Derek discovers that his daredevil way of life may come back to hurt him...
