

Staying Invisible (BookStrand Publishing Mainstream)

[BookStrand Contemporary Romantic Suspense, HEA] Samantha Clements, a free lance editor, learned the devastation that can come with love when she loses the love of her young life in a car crash. Even years later, Samantha still isolates herself from everyone both emotionally and physically to protect her heart. Luc Cavanaugh, because of his covert work with the government, must hide his true self from most of his friends and family. Having almost no one who knows the person behind the cover is getting really old, though, and having someone who knows the real Luc is beyond tempting. A desperate act brings them together, but when Luc's current assignment places Sam in danger, he will do whatever he must to ensure her safety, even if it means pushing her away. Through lies, deceit, and fear, they succumb to passion, but will they discover too late that staying invisible isn't necessary when they are together? ** A BookStrand Mainstream Romance
