

The Billionaires Slave: An Alpha Billionaire Romance (Book Six)

Introducing Book Six in the hot and sexy new alpha billionaire romance series, *The Billionaires Slave*. Daniel Monahan is the bad-boy CEO of a multi-billion-dollar corporation. He is devilishly handsome, controlling, the complete alpha male. When he meets the good girl, he knows he must possess her. Penelope Gentile is a good girl. A homebody, never one to let loose. When her best friend invites her to the dark world of pleasure, she has no idea the man she meets there will change her life forever. Neither of them can help becoming ever more deeply entangled in an intensely passionate relationship. Penny's eyes are opened to a world of dark, sensual pleasure she never knew existed. Soon, however, it becomes clear that life in Daniel's world comes at a high price. At first, Penny thought Daniel only seemed dangerous. A dark secret of Daniel's past life makes Penelope wonder whether the man she's falling for is a danger to her. By then, she's in too deep. She can't extract herself from him. Just as he won't release her, she's his now. Twisting turns of fate send her into emotional turmoil, wondering just who she can trust. Is her life in danger? Does the man whose introduction to a world in which she feels she belongs actually mean her harm? Or is Daniel's past far more sinister than anyone could imagine?
