

# The Bloomsbury Companion to Analytic Philosophy (Bloomsbury Companions)

Surveying the history, latest developments and potential future directions of contemporary analytic philosophy, this is an essential one-volume reference guide for all those working in the field. The Continuum Companion to Analytic Philosophy brings together a team of internationally renowned scholars to explore all the major areas of inquiry, key concepts and most important thinkers in the analytic tradition. Topics covered include: The origins of analytic philosophy, from Frege and Russell to Wittgenstein and beyond Philosophy of mind from early developments to the latest contributions of neuroscience Perspectives in moral and political philosophy Contemporary Metaphysics, Epistemology and Philosophy of Science The latest thinking on free will and personal identity The Continuum Companion to Analytic Philosophy also includes a historical chronology and a full guide to further reading and available resources, making this an invaluable library or desktop reference guide for anyone working in the discipline today.
