

The Shabb Collection (Three Novels) (The Shabb Series)

Three Bestselling Kindle Novels Together in One Omnibus: CAVE OF FORLORN The Shabb Series: Book One

The King is dying. Demons have slowly taken over and their last task is to kill the King. For the kingdom to survive, the prophecy must be fulfilled; the daughter must be summoned. The King is reluctant because his first daughter was killed by assassins. Hidden away since before her birth, the King's daughter has no idea of her true identity. Gweneviere, a local girl, known for her innocence, charm and honesty, is chosen to find the daughter, give her a locket, and send her to the castle. She reluctantly embarks upon her journey traveling with a few trusted companions and protectors. In her innocence, she is hoping to be home by lunch, after all, it sounds like such an easy task.

Wolves are the essence of legend in the Kingdom. Imagine their surprise when the first stranger they meet is a young woman, brandishing two swords and traveling with twelve wolves. The assassins want to kill Gweneviere, the army wants to capture her, the Queen wants to hold her for ransom, cave-dwelling Cerberus wants to eat her, and the Encantado (changeling) can't decide what he wants to do. Then there is the whole matter of the wizard who faked his own death so he could retire in peace. You know he has to get involved in this somehow. Gweneviere must succeed or all is lost. Unfortunately, loyalties sometimes change with the wind.

SHABBS REVENGE The Shabb Series: Book Two

This exciting sequel to Cave of Forlorn continues the story with more twists and turns. The Queen now rules the Kingdom and is discovering the challenges of love, leadership, and questionable loyalties. The wizard Eric is trying to enjoy his retirement and we learn that he has been keeping a secret, one that will lead him into more danger, and possibly the greatest reward of all. Shabb searches for

love and his true identity. He will succeed in one and seek revenge in the other. Since he is the King Of Wolves, he is very dangerous indeed. And of course, never, ever mess with the kitten! RETURN TO LARAMIDIA The Shabb Series: Book Three The Wizard Eric travels to the Isle of Laramidia, birthplace of magic, to find his one true love. He engages the help of the island wizards only to find out that they have different plans. Questions are finally answered only to reveal more questions.
