

The Apartment (An Apartment Novel Book 1)

Lily has spent a lifetime putting everyone else's needs before her own. Ethan is struggling to find a place in the home he left behind. When the two meet by chance in an empty apartment, everything changes. Drawn together by an inexplicable desire, Lily and Ethan discover a passion neither knew existed. And so, they make a pact: Nothing from their outside lives will enter the apartment not even their names. But what will happen when the apartment walls inevitably come down? This book is intended for mature audiences.
