

## If Its a Pain in the Ass, Then Youre Doing it Wrong! (The Princess Chronicles) (Volume 1)

His Princess was a little bit eclectic, a lot of eccentric, and a big time potty mouth. She was outgoing and loud, but held her friends and family close to her heart. She ranted about everything wrong in the world, yet her wild passion made him fall hard and fast. Life gave him the middle finger when she opened his eyes to the beauty around him and right in front of him. Her Prick-a-Doodle-Do was an uptight businessman through and through. He never saw the fun in anything and she knew right from the start she could have fun with this man and get him to see things differently. He made her see she didnt have to always be alone, even when surrounded by people. A knack of bringing out the best in her made her fall for him, even if she didnt want to admit it to herself. Both were raised in high society, but where one was guided by the rules, the other had fun going against them. Though he was her new boss, she didnt give two hoots about it so when she was given an opportunity to express her views about a certain subject, she readily agreed. Its now her personal mission to make Bossmans life a little harder, while experiencing a little fun along the way, of course. Because . . . if its a pain in the ass, then youre doing it wrong.
