

## The Scofield Study Bible III: New International Version (Black/Burgundy Basketweave)

This edition combines the renowned Scofield study notes and reference system with the New International Version, one of the most popular modern Bible translations. But that's not all: The fruit of Dr. C. I. Scofield's decades of reflection on the Word of God have been augmented (not revised) to make the ideas underlying the Scofield Study Bibles annotations clearer to modern readers. An abundance of factual information is presented in topical articles, charts, and lists that add depth and richness to study time. Enhanced book introductions, accurate in-text maps, authoritative full color maps, and page bottom notes broaden the context of the readers understanding. Everything about this edition has been designed to encourage serious Bible study. First-time students and seasoned believers alike will find this volume to be a trustworthy guide to the panorama of Gods plan of salvation.
