

## Taming the Iris

Sixteen-year-old perfect-square, Iris Weber, is content spending her free time reading books from her fathers personal library, churning out high grades in school, and avoiding the obnoxious in-crowd. Since her brother was murdered last year, the last thing on her mind is a boyfriend, but unfortunately thats the obsession of her best friend. And not just any boyfriendEric, the most popular guy in school. After much begging, Iris agrees to help her best friend, Natasha, get Eric's attention in a haunted forest, even after warnings from the tour guide. After the vengeful spirit kills Natasha for her crime, Iris knows shes next. Iris cant leave: theres school and her parents. The police are no help. And now another nightmare to tack onto her bedroom wallher only hope in piecing together the clues lies with the one guy she despises, Eric, her best friends crush. Figuring out the deadly pattern, Iris chooses to team up with the class favorite to fight for her life and for her best friend. The only thing she cant fight, much to her dismay, is her growing desire for Eric the idolized quarterback.
