

The Vampire Fred

Being a vampire sucks, especially when you've got to deal with things like a dead-end job as an office drone, avoiding vigilante vampire slayers on the subway, and being price-gouged on blood from the slaughterhouse. Add in a crush on your annoyingly charismatic sire, and unraveling a little conspiracy to upset the balance of power among the vampires of the City, and it's all in a night's work though for fledgling vampire Fred Tompkins, as long as he doesn't miss out on any overtime.
