

Time Sharing

This riveting, hilarious, and deeply moving novel looks at two people who live on the margins of our society. Artie is a petty thief, a would-be con man, and when he sees Jolene Jello wrestling at a dive bar, he thinks he's found a meal ticket. Jolene is a single mother struggling to find a way to support her sick child. In Artie, she sees the hope of a chance to provide a father figure for her son, and a normal family life for herself. Against all odds, Artie and Jolene begin to develop a deep love for each other. But times are tough, and their luck is bad. They come up with a plan that might help them escape the poverty that is closing in around them or it might destroy any chance they have at true love. Gritty and unsentimental, *Time Sharing* depicts the lives of Artie and Jolene with sympathy and humor. The two lovers are so real, so unforgettable, you will be haunted by them the rest of your life.
