

# Treasure Island

Treasure Island is an adventure novel by Scottish author Robert Louis Stevenson, narrating a tale of pirates and buried gold. First published as a book on 23rd May 1883, it was originally serialized in the childrens magazine Young Folks between 1881-82 under the title Treasure Island; or, the mutiny of the Hispaniola and the pseudonym Captain George North. Traditionally considered a coming-of-age story, it is an adventure tale known for its atmosphere, character and action, and also a wry commentary on the ambiguity of morality as seen in Long John Silver - unusual for childrens literature then and now. It is one of the most frequently dramatized of all novels. The influence of Treasure Island on popular perception of pirates is vast, including treasure maps with an X, schooners, the Black Spot, tropical islands, and one-legged seamen with parrots on their shoulders.
