

Where Will You Plant Your Seed: Responding to the Word of God

Every Christian is called to learn and respond to the Word of God. We are called to share the faith, to love, to help, and to try to respond by walking the talk. These are some of the highlights within my journey. Some of it is unique. I have seen and shared some of the wonderful things that I have lived through and been a part of. I have developed a thirst for the Holy Scriptures and started a habit of not just reading them but asking God to help me take it in. I respond to what I read and put it into action, not only changing my life but helping some of those that I see in need. I hope you enjoy it. I have enjoyed sharing the journey, and I hope you too will dig into the Bible and seek Gods help in making it part of your life.
