

White Picket Fences (Mills & Boon Vintage Superromance)

Come home to Shelter Valley where love lasts and families matter. Miranda Parsons is content with her life. She has a great job, a wonderful family, a lovely house. She has good friends. And she lives in a town where people know her, care about her. So what's missing? Passion as she finds out when she meets Zack Foster. Zack's a veterinarian who's recently moved to Shelter Valley after the failure of a marriage he'd considered perfect. He still likes being with women, but now prefers his romances short and sweet. Randi and Zack learn what it is to feel truly passionate about someone else and they begin to want the passion they've discovered. But to get something, you have to give something up. Can they exchange contentment for happiness even if greater happiness means greater risk?
