

## Wild and Precious

Wild and Precious: Book One Aspiring writer Brent Granger has good friends and a great job at an arts magazine in DC, but hes batting zero in the arena of love. Brent begins to get a clue why things arent working with women from his strong attraction to his gorgeous, gay, and already attached boss, Graham Stoneford. When he sees a personal ad from a man that quotes his favorite poet, Brent decides to do something wild and answer. Enter Cody Bellstrom, easygoing bisexual musician, who is happy to initiate Brent in the ways of gay sex. Brent now has a new problem: he realizes hes gay and no one in his life knows it. Cody tires of hiding their relationship, but Brent finds it challenging to come out to family, friends, and especially to Graham. In the end, Brent must confront the truth of whereand with whomhis heart lies.
